KEY COMPETENCIES

- JavaScript
- Python
- Django
- React Js
- Redux
- Problem-Solving Skills
- Data Structures and Algorithms
- Version Control Systems
- Software Development Lifecycle
- Testing and Debugging
- Database Management
- Code Quality and Best Practices
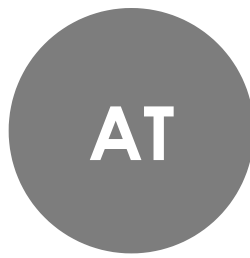

AMAL **THOMAS**
Fullstack Developer

Committed Fullstack Developer with extensive experience collaborating with cross-functional teams to produce high-quality solutions in growth-driven environments.

Work History

2024-03 - 2025-12

Software Developer

Neopraxis Innovations Pvt Ltd, Kalpetta

- Developed functional databases, applications and servers to support websites on back-end.
- Integrated third-party APIs to enhance functionality and improve overall user experience on web platforms.
- Reduced page load times by optimizing front-end assets such as JavaScript files, stylesheets, and images.
- Maintained clear documentation of system architectures, workflows, and coding standards for reference by other team members.
- Reviewed code, debugged problems, and corrected issues.
- Enhanced user experience by developing and implementing a responsive front-end interface for web applications.
- Created RESTful APIs using the Django REST framework, enabling seamless communication between front-end and back-end components.
- Designed responsive user interfaces with HTML, CSS, and JavaScript for optimal viewing on various devices.
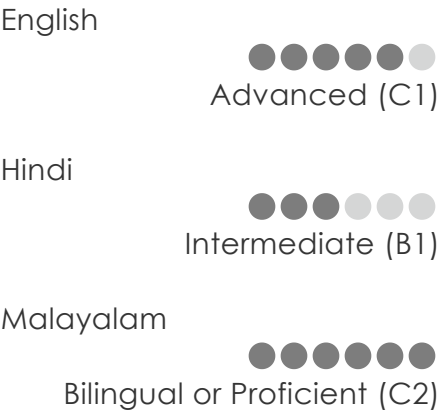

2023-07 - 2024-02

Software Development Intern

Business Technology Research & Analytics Centre

- Maintained and developed web applications via MERN stack.

- Communication and Collaboration
